The Illinois Lake Management Association is searching for lake organization members and leaders, resource professionals, researchers, students, teachers, and others to submit proposals for educational presentations for the 23rd Annual Illinois Lakes Management Association Conference. The conference will be held at the Route 66 Hotel and Conference Center on February 28 – March 1, 2008. Presentation topics should relate to lake and reservoir, or watershed management. We encourage innovative and/or creative subject material. Presentation topics may include (but are not limited to):

- Lake wildlife and fisheries, or aquatic plant, management
- Exotic/invasive species detection, trends, effects, or control
- Lake protection, restoration, or enhancement efforts
- Innovative uses of volunteer-collected data
- Wetland classification and use designation
- Urban and agricultural nonpoint source pollution-reduction strategies
- Recreational use conflicts
- Lake property values and water quality
- Illinois water laws and public policy
- Remote Sensing
- Other lake topics

Instructions for Presenters:

Verbal presentation time slots will be 20 minutes, unless otherwise noted. Included in this time period is 5 minutes for questions and discussion. ILMA will be using a computer-generated, PowerPoint-for-Windows (MS Office 2003) projection format for technical sessions. ILMA will provide all laptop computers and projectors for the conference. Speakers will not be allowed to use their own equipment. Backup equipment will be available in the event of equipment failure.

Abstracts should not exceed 250 words and must be submitted via email to Joe Marencik **no later than December 1, 2007**. You will receive email verification upon abstract receipt. Notification of abstract acceptance will be made no later than December 15, 2007 and we will provide additional instructions at that time.
